Fifty Caught in Raid at Old Mill Near Fayette City

TWO HUNDRED AT FIGHT

Many Escape Through Window--Place Used as Church on Sunday

Bankers, doctors, clerks, ex-police-men, a detective in the employ of the county, miners, in fact men of nearly all professions excepting that of the clergy it is stated were caught in a raid Thursday morning at 1 o'clock of a cocking main in the old Cochran mill, in Gillespie, a half mile south of Fayette City. When Constables John S. Lindley and George Eckman of Fayette City; William Anderson and J. W. Tiley of Belle Vernon entered a cock fight it is stated, was at its warmest stage. The doorkeeper, who is understood to be a well known Fayette City man, yelled "Police." Somebody inside said "Quit yer kid-din'." The next thing the motley aggregation began to disperse by windows from the rear and by whatever method they could. Fifty were caught and 10 more names were secured.

Two hundred men are said to have been present at the cocking main, from towns and cities all over Western Pennsylvania. Among the places represented were Charleroi, McKeesport, Braddock, Altoona, East Pittsburgh, Uniontown, Brownsville, Monongahela, Donora, West Newton and Fayette City.

For the last year the old mill has been used by the United Brethren congregation of Gillespie as a place of worship. Last Sunday preaching services were held in the big room where the cocking main was held last night.

Only one round of the main had been pulled off when the officers arrived but in that round Fayette City lost two birds, West Newton two and Monongahela one. What became of the rest of the birds is unknown. Each man captured put up a forfeit of \$5 for later appearance.

A policeman said to be from Pittsburgh assisted numerous men in leaving the building by holding their hands and dropping them out of the window. A banker of Brownsville is said to have attempted to buy his liberty with 50 cents. A county detective censured the arresting officers for interfering with the sport, but his name was jotted down along with the rest.

Among others caught is said to have been a former member of the legislature of Pennsylvania. It is probable that some who dropped from the windows of the building will have to keep housed for several days. One man, understood to be from Donora had his anklebadly hurt and may have to go to the hospital. The rear of the mill from where men tried to escape and from where some of them did escape is 15 feet or more above the ground. The ground slopes downward from the mill, so that lighting on the hard ground was difficult.

To Close Meetings

Rev. Agate to Preach at Baptist Church--Special Musical Program

Rev. Herbert Agate preached at the First Baptist church Thursday night on the subject of "The Greatness of Salvation." He emphasized what salvation would mean to a person and told the results that would come from neglect to pay attention to the teachings contained in the Bible.

Tonight the meetings which have been in progress at the Baptist church for two weeks will come to a close. A special musical program has been arranged.

J. F. Weinm, of Rochester, N. Y., a trombonist of some note, is to play tonight and Sunday morning as well. In addition there will be a special musical program by the members of the choir.

ORDINANCE IS PASSED

Coal Center Council Favors Pittsburgh Railways Bill

NEW LINE TO BE BUILT

Only the signature of Burgess D. J. Francis is needed now to give the Pittsburgh Railways company right of way to construct and maintain trolley service in Coal Center borough. On Wednesday night an ordinance was finally passed by Coal Centre council affording the Pittsburgh Railways company an opening there. The passage of the ordinance will precede the letting of contracts by the railways company for the construction of a new line from Roscoe on to California.

Several weeks ago the Elco council gave the Pittsburgh Railways company a franchise to go through that borough. Coal Centre is next in line and then California. An ordinance has been presented at California and has passed one or two readings.

The only thing to be done yet is to make arrangements for getting through the township, but there will be practically no trouble there. Detailed plans are being drawn for the proposed trolley line. It is proposed by the railways company to build this summer.

FEW NOTABLE CHANGES MADE IN ASSESSMENTS

County Commissioners Hear Approximately 220 Appeals From District During Day of Examination Here

About 220 appeals were heard by the county commissioners, constituting the board of appeals for Washington county, before they finished their work in the Charleroi district Thursday. Some adjustments were made, and some valuations were lowered. But few large corporations made kicks. A particular effort is being made over the county to equalize the assessments.

The county commissioners stood behind Assessor John L. Reeves in making their Charleroi adjustments. Few changes of consequence were made in the valuations. Some complaints of assessments were taken under advisement.

Some private individuals asked for reductions, but generally the commissions stood pat. Today the board of appeals will be at Fredericktown to hear appeals from that vicinity.

WOMEN RECEIVE INSTRUCTIONS IN JURY DUTY

A knowledge of jury duty was imparted to a number of suffragettes by the best possible way to learn, personal observation in court room No. 1 at Washington Thursday afternoon. As this is one of the duties that comes with the right to vote, the more ardent "women's rights" members of the party expect to have to avail themselves of the knowledge before many years.

Nearly a score of members of the class in civil government of the seminary exchanged their Wheeling street class room for the court room. They were guests of Judge J. A. McIlvaine in court room No. 1, where seats inside of the bar were reserved for them. They spent the afternoon listening to the trial of the Bane case against the Pittsburgh Railways company for damages.

The class was chaperoned by Miss Wolfe a member of the seminary faculty and were apparently well pleased by the afternoon's experience. They arrived about the time Crier Long was opening court and remained until he adjourned the session at 4:30. The afternoon was devoted to taking testimony for the defense in the Bane case and was extremely interesting to the uninitiated. Attorneys Bane and Marriner represented the plaintiff in the case and John Murdoch & Son the defendants.

GETS MILK BUT NOT FROM CAN DESIRED

In securing a sample of milk from a local dairyman this morning John Jenkins special agent of the Dairy and Food division of Pennsylvania had a new experience. Mr. Jenkins asked for a sample from a particular can of milk. The dairyman is said to have replied that the milk was not from his own dairy and did not represent his own stock. The dairyman stuck to this principal, professing himself willing to have milk from his own dairy tested, but not that he had secured from another milkman. Finally when the agent insisted the dairyman simply turned the milk can upside down and drained out the milk. Special Agent Jenkins secured a sample of the regular supply of milk.

WELL KNOWN RAILROADER WILL RETIRE

J. R. Wood, Passenger Traffic Manager of the Pittsburgh Railroad retires today from active service of the company. Mr. Wood was seventy years of age on February 9, and has retirement is in accordance with the pension rules of the railroad.

Mr. Wood is probably better known to the traveling public than any other passenger man in this country. It has been said that of all living Americans, his signature has been looked upon by more persons than that of any other.

As Passenger Traffic Manager, Mr. Wood's name has been printed upon scores of millions of railroad tickets every year for nearly ten years. The Pennsylvania Railroad sells probably as many, or more tickets than any other railroad in this country, so that nearly everybody who has bought a ticket on the Pennsylvania in the past ten years has doubtless seen Mr. Wood's signature.

It was upon Mr. Wood's initiative that the first "limited" train, in the sense of exclusive accommodations and high speed, was inaugurated in this country. He has aided and encouraged every reform which had for its object the elevation and expansion of the passenger business, both as it applies to the Company he represents and to its connections.

GOOD ROADS AND GOOD CARS TOPICS

Good roads and good cars will be twin topics at the Pittsburgh Expo Auto Show which opens Saturday, March 1.

Governor John K. Tener and State Highway Commissioner E. M. Bigelow are expected to speak about good roads in Pennsylvania at the formal opening at 8 p. m. Immediately afterward a battery of starry bombs will be fired from the roof of the hall and from stations in every part of the city. As these bombs die out Danny Nirella and his band, down in the show, will crash into one of Sousa's marches. And the show will have started.

Talks on good roads are planned for every night except Wednesday which will be Society Night, when the Pittsburgh Male Chorus of 80 voices will give a concert.

Good roads follow the motor car and the motor car follows the good roads. Good roads are essential to the growth of any community (as they are to the motor vehicle industry) for good roads mean rapid and economical transportation. By motor cars and good roads a man can haul his product to market at a profit. Motor vehicles have made a reality to the men who dreamed of a shorter mile and a longer hour. The Pittsburgh Automobile Show Association which directs the Exposition Show has as one of its chief aims better roads. It is today co-operating with many grange bodies and other interests to this end. It invites assistance or suggestions, at this time or any other.

If there weren't so many things to clean out of our system we might not recognize our need of having our systems cleaned.

Reedy is Released

Washington Man Not Held Guilty of Murder of May Lindley

Justice Z. G. Wonseller speedily freed Wilson Reedy at Washington of the charge of murder of May Lindley when his case was called Thursday night. The only new evidence offered was by James Parkinson who stated that Reedy had told him he was going to kill the Lindley girl.

Reedy told the same straightforward story that characterized his testimony on Wednesday morning and was released from all blame in the case.

Thursday afternoon from her late home on Weirich avenue were held the funeral services over the remains of May Lindley or as she was known by some, May Margerum, who took her own life Monday night at her home, by shooting herself through the head. The interment was in the Washington cemetery.

"Want to Know" Class in Legislature Watching Things

RIPPER BILL PRESENTED

Pittsburg Measure Passes First Reading in House of Representatives

Harrisburg, Feb. 28--Because some of the members "want to know," the general appropriation bill introduced in the legislature may be hung up for awhile. The bill carries with it an appropriation of \$12,662,343.69. A request for an itemized statement of the appropriations for the various departments has not been complied with and the complaint is made that the bill is too general and that unless more definite information is given, or an itemized statement submitted, the bill may be hung up.

A ripper bill for Pittsburg has slipped in somehow, and is on its way through the house, having passed first reading. This rips out the short council and make a council of 27, one elected from each of the 27 wards. It is regarded as a political move, as with the small council the politicians cannot control city affairs in Pittsburg. The people of the city have yet to be heard from and no doubt a bitter fight will result if there is prospect of the ripper going through.

A bill abolishing all fees of officers of counties containing less than 150,000 population and establishing salaries according to population was introduced in the house by Irwin of Blair. It will affect over 50 counties in the State.

The Davis bill to require mining companies to provide supports so that surface above mines shall not cave in and the three bills to establish auxiliary forest reserves also were reported out of committee.

The State Federation of Labor has joined hands with the Granges to oppose the sale of colored oleomargarine. It was supposed that organized labor would favor the removal of the restrictions governing the sale of oleo, but it seems that they are opposed to any legislation that would make oleo look like butter.

HOME RULE NEEDED.

That home rule—direct government—is one of the essential reforms for municipal government is again demonstrated by this session of the legislature, where an attempt is being made to rip out of office the small council the people of Pittsburgh succeeded in getting at the last session after a bitter fight for a city charter to give them the right to have a commission form of government. The scheme now is to rip out of office the nine councilmen elected by the voters at large, and substitute a council of twenty-seven, composed of one councilman elected by each of the wards of the city. A bill has been introduced in the legislature to accomplish this, irrespective of the wishes of the people.

This attempt to interfere with the government of Pittsburgh is purely a political move. With the short council the city patronage cannot be used to advantage in running a political machine, so the politicians ask the help of the outside legislators to help them get control of the city of Pittsburgh. The irony of the situation is realized when it is seen that the members of assembly and the senate from over all the state will have a voice in determining how Pittsburgh is to be governed, while the people who live there and are vitally affected are powerless to decide this question for themselves. They are virtually governed by aliens, who are absolutely unfamiliar with the local needs and requirements and whose actions are governed by the dictates of a political cabal who desire to control the political destinies of the city.

This is why direct rule by the people is most desirable. We in Charleroi know better what we want in the way of local government than some ordinary man who happens to be elected an assemblyman in Pike county over in the extreme eastern part of the state, or in some of the other distant and obscure counties. Yet it is these representatives who pass upon and control our civic destinies, as well as those of Pittsburgh and all the other cities and towns of the state. The people who live in these cities and towns have absolutely no voice in the matter but are limited and prescribed by those who know nothing at all of local needs and requirements. Home rule for municipalities in the United States is just as essential as home rule for the Irish in Ireland.

PICKED UP IN PASSING

Prof. I. T. Daniel, musical director of the Charleroi schools, who was in Brownsville over night, relates a funny incident that occurred there this morning. He was waiting at the station for the early train to Charleroi, and while there the Uniontown morning papers came on the trolley. The newsdealer was on hand to receive the bundle and portioned the papers out among the waiting newsboys. The first handful was given to a diminutive lad about ten years old.

Tucking his papers under his arm the lad let out a roar out of all keeping with his size:
"Maw-nin' poipers! all about the—"
Then he stopped short, glanced at the papers and seeing only a half page picture on the folded part instead of the customary scare headlines he appealed to the dealer:
"Say, what the— shall I yell about? There's nothin' in the poiper."

It is stated that a well known young man of the valley who had been hitting the high places pretty regularly and industriously during the past year, finally became so run down in health that his doctor sent him to a Pittsburgh hospital to recuperate. A part of the treatment ordered was a diet of eggs and sherry. After a couple of weeks a friend happened to be in the city and called at the hospital to see the invalid and to inquire how he was getting along.

"Oh, I'm getting along pretty well, but I'm awfully tired of this egg and sherry diet."

"Don't you like it?" inquired the friend.
"No I don't," sadly replied the invalid. "It would be all right if the egg were as new as the sherry and the sherry as old as the egg."

Believes This Will "Cure Lung Troubles"

Consumption is a baffling disease that is one of its chief dangers. Those who have it are rarely willing to acknowledge the fact that this trouble is present. It is no time for trifling. If a so-called "cure" has long promised, if a cure is present that keeps you excited, or if it is the excitement of the present, such as fever or night sweats, or aches and pains, or a feeling of some rising of mucus, do the sensible thing:—Take Eckman's Alternative—Mr. Belterworth did.

Boxing Green, N. Y. R. No. 4.
"Gentlemen I wish to say for your information that I believe I have been cured of those lung troubles for which I have been suffering since the Spring of 1908. I had severe cough for six months. I tried all the medicine that the doctors recommended to me, but no result came for the better. I had night sweats, and would cough and spit until I got so weak I could hardly do anything. But, at last I was feeling of it, and I was feeling better. I had taken your medicine in one week, and then there was quite an improvement in my condition and after I had taken several bottles I felt as well as ever in my life."

"I desire the world to know that I firmly believe that your Eckman's Alternative will cure all lung troubles. I have been suffering from this trouble for a long time and when I was first cured I will gladly give personally to the party curing me, a donation in regard to your wonderful medicine."

HOW TO GET STRONG OVER THE COUNTY

A Simple Remedy.
Weakness may be caused by a run-down condition, mal-assimilation of food, lack of iron in the blood or a result of sickness.

Whatever the cause, we want to say to every person who needs strength you need Vinol, our delicious cod liver and iron tonic without oil, as it is the most efficient strength creator we have in our store.

A case has just come to our attention from West Baden, Ind. A beautiful young lady was a complete wreck, run-down, worn out and nervous, so she had to spend one-third of her time in bed. Nothing which was given her did any good until Vinol was recommended by her druggist which she says did her more good than all the medicine she ever took in her life put together, as it built her up so she is now strong, well and active.

It is the medicinal elements of the cod's livers contained in Vinol aided by the blood making and strengthening properties of tonic iron which makes it so successful and we will return your money if it does not help you.

Aged Couple Wed.
The combined age of two applicants for a marriage license as declared in their application before the clerk of courts was 124 years. Charles Burig, a well known and wealthy farmer of near Claysville was the groom and Mary E. Brue, who gave Oldonsville, W. Va., as her residence, the bride. Mr. Burig proclaimed his age as 74 and the bride, after much hesitation and unging on the part of her elderly lover as 50.

Railroad Extension Probable.
Activities in connection with the proposed extension of the Pennsylvania railroad from Van Eman to West Zollarsville are apparent east of Washington. Seven miles east of town just beyond Egg Nog hill engineers were out this week placing grade stakes. At that point a long tunnel will be driven.

 Chambers entered his tenant house, near West Alexander, which has been vacant for some time, but had been furnished with a bed and some other accommodations for a Mr. Hay to sleep in, while sawing a timber tract for Mr. Chambers, a few weeks ago he found the house and especially the bed pre-empted by a "knight of the road." The tramp was suffering with the severe cold weather, apologized for his presumption, went home with Mr. Chambers, got his breakfast and then secured a job of work with a neighbor.

Fifty Caught in Raid at Old Mill Near Fayette City

WAS FOUNDED AT NIGHT TWO HUNDRED AT NIGHT

Many Escape Through Window--Place Used as Church on Sunday

Bankers, doctors, clerks, ex-police-men, a detective in the employ of the county, miners, in fact men of nearly all professions excepting that of the clergy it is stated were caught in a raid Thursday morning at 1 o'clock of a cocking main in the old Cochran mill, in Gillespie, a half mile south of Fayette City. When Constables John S. Lindley and George Eckman of Fayette City; William Anderson and J. W. Tiley of Belle Vernon entered a cock fight it is stated, was at its warmest stage. The doorkeeper, who is understood to be a well known Fayette City man, yelled "Police." Somebody inside said "Quit yer kiddyin'." The next thing the motley aggregation began to disperse by windows from the rear and by whatever method they could. Fifty were caught and 10 more names were secured.

Two hundred men are said to have been present at the cocking main, from towns and cities all over Western Pennsylvania. Among the places represented were Charleroi, McKeesport, Braddock, Altoona, East Pittsburgh, Uniontown, Brownsville, Monongahela, Donora, West Newton and Fayette City.

For the last year the old mill has been used by the United Brethren congregation of Gillespie as a place of worship. Last Sunday preaching services were held in the big room where the cocking main was held last night.

Only one round of the main had been pulled on when the officers arrived but in that round Fayette City lost two birds, West Newton two and Monongahela one. What became of the rest of the birds is unknown. Each man captured put up a forfeit of \$5 for later appearance.

A policeman said to be from Pittsburgh assisted numerous men in leaving the building by holding their hands and dropping them out of the window. A banker of Brownsville is said to have attempted to buy his liberty with 50 cents. A county detective censured the arresting officers for interfering with the sport, but his name was jotted down along with the rest.

Among others caught is said to have been a former member of the legislature of Pennsylvania. It is probable that some who dropped from the windows of the building will have to keep housed for several days. One man, understood to be from Donora had his ankle badly hurt and may have to go to the hospital. The rear of the mill from where men tried to escape and from where some of them did escape is 15 feet or more above the ground. The ground slopes downward from the mill, so that lighting on the hard ground was difficult.

To Close Meetings

Rev. Agate to Preach at Baptist Church--Special Musical Program

Rev. Herbert Agate preached at the First Baptist church Thursday night on the subject of "The Greatness of Salvation." He emphasized what salvation would mean to a person and told the results that would come from neglect to pay attention to the teachings contained in the Bible.

Tonight the meetings which have been in progress at the Baptist church for two weeks will come to a close. A special musical program has been arranged.

J. F. Weinnur, of Rochester, N. Y., a trombonist of some note, is to play tonight and Sunday morning as well. In addition there will be a special musical program by the members of the choir.

ORDINANCE IS PASSED

Coal Center Council Favors Pittsburgh Railways Bill

NEW LINE TO BE BUILT

Only the signature of Burgess D. J. Francis is needed now to give the Pittsburgh Railways company right of way to construct and maintain trolley service in Coal Center borough. On Wednesday night an ordinance was finally passed by Coal Center council affording the Pittsburgh Railways company an opening there. The passage of the ordinance will precede the letting of contracts by the railways company for the construction of a new line from Roscoe on to California.

Several weeks ago the Elco council gave the Pittsburgh Railways company a franchise to go through that borough. Coal Centre is next in line and then California. An ordinance has been presented at California and has passed one or two readings. The only thing to be done yet is to make arrangements for getting through the township, but there will be practically no trouble there. Detailed plans are being drawn for the proposed trolley line. It is proposed by the railways company to build this summer.

FEW NOTABLE CHANGES MADE IN ASSESSMENTS

County Commissioners Hear Approximately 220 Appeals From District During Day of Examination Here

About 220 appeals were heard by the county commissioners, constituting the board of appeals for Washington county before they finished their work in the Charleroi district Thursday. Some adjustments were made, and some valuations were lowered. But few large corporations made kicks. A particular effort is being made over the county to equalize the assessments.

The county commissioners stood behind Assessor John L. Reeves in making their Charleroi adjustments. Few changes of consequence were made in the assessments were taken under advisement.

Some private individuals asked for reductions, but generally the commissions stood pat. Today the board of appeals will be at Fredericktown to hear appeals from that vicinity.

WOMEN RECEIVE INSTRUCTIONS IN JURY DUTY

A knowledge of jury duty was imparted to a number of suffragettes by the best possible way to learn, personal observation in court room No. 1 at Washington Thursday afternoon. As this is one of the duties that comes with the right to vote, the more ardent "women's rights" members of the party expect to have to avail themselves of the knowledge before many years.

Nearly a score of members of the class in civil government of the seminary exchanged their Wheeling street class room for the court room. They were guests of Judge J. A. McIlvaine in court room No. 1, where seats inside of the bar were reserved for them. They spent the afternoon listening to the trial of the Bane case against the Pittsburgh Railways company for damages.

The class was chaperoned by Miss Wolfe a member of the seminary faculty and were apparently well pleased by the afternoon's experience. They arrived about the time Crier Long was opening court and remained until he adjourned the session at 4:30. The afternoon was devoted to taking testimony for the defense in the Bane case and was extremely interesting to the uninitiated Attorneys Bane and Marriner represented the plaintiff in the case and John Murdoch & Son the defendants.

GETS MILK BUT NOT FROM CAN DESIRED

In securing a sample of milk from a local dairyman this morning John Jenkins special agent of the Dairy and Food division of Pennsylvania had a new experience. Mr. Jenkins asked for a sample from a particular can of milk. The dairyman is said to have replied that the milk was not from his own dairy and did not represent his own stock. The dairyman stuck to this principal, professing himself willing to have milk from his own dairy tested, but not that he had secured from another milkman. Finally when the agent insisted the dairyman simply turned the milk can upside down and drained out the milk. Special Agent Jenkins secured a sample of the regular supply of milk.

SOCIETY AND PERSONAL

Born--To Mr. and Mrs. Abe Rickard, of 205 Fifth street, a 10 pound son.

Mr. and Mrs. Neri Newcomb went to Creighton today to visit.

Mrs. H. J. Booth is spending the day in Pittsburgh.

A marriage license was granted in Cumberland, Md., Thursday to Eugene Lessman and Miss Battie Veach, both of Charleroi.

WELL KNOWN RAILROADER WILL RETIRE

J. R. Wood, Passenger Traffic Manager of the Pittsburgh Railroad retires today from active service of the company. Mr. Wood was seventy years of age on February 9, and has retirement is in accordance with the pension rules of the railroad.

Mr. Wood is probably better known to the traveling public than any other passenger man in the country. It has been said that of all living Americans his signature has been looked upon by more persons than that of any other.

As Passenger Traffic Manager, Mr. Wood's name has been printed upon scores of millions of railroad tickets every year for nearly ten years. The Pennsylvania Railroad sells probably as many, or more tickets than any other railroad in this country, so that nearly everybody who has bought a ticket on the Pennsylvania in the past ten years has doubtless seen Mr. Wood's signature.

It was upon Mr. Wood's initiative that the first "limited" train, in the sense of exclusive accommodations and high speed, was inaugurated in this country. He has aided and encouraged every reform which had for its object the elevation and expansion of the passenger business, both as it applies to the Company he represents and to the railroads.

GOOD ROADS AND GOOD CARS TOPICS

Good roads and good cars will be twin topics at the Pittsburgh Expo Auto Show which opens Saturday, March 1.

Governor John K. Tener and State Highway Commissioner E. M. Bigelow are expected to speak about good roads in Pennsylvania at the formal opening at 8 p. m. Immediately afterward a battery of starry bombs will be fired from the roof of the hall and from stations in every part of the city. As these bombs die out Danny Nirella and his band, down in the show, will crash into one of Sousa's marches. And the show will have started.

Talks on good roads are planned for every night except Wednesday which will be Society Night, when the Pittsburgh Male Chorus of 30 voices will give a concert.

Good roads follow the motor car and the motor car follows the good roads. Good roads are essential to the growth of any community (as they are to the motor vehicle industry) for good roads mean rapid and economical transportation. By motor cars and good roads a man can haul his product to market at a profit. Motor vehicles have made a reality to the men who dreamed of a shorter mile and a longer hour.

The Pittsburgh Automobile Show Association which directs the Exposition Show has as one of its chief

operating with many grange bodies and other interests to this end. It invites assistance or suggestions, at this time or any other.

If there weren't so many things to clean out of our system we might not recognize our need of having our systems cleaned.

Reedy is Released

Washington Man Not Held Guilty of Murder of May Lindley

Justice Z. G. Wonseller speedily freed Wilson Reedy at Washington of the charge of murder of May Lindley when his case was called Thursday night. The only new evidence offered was by James Parkinson who stated that Reedy had told him he was going to kill the Lindley girl.

Reedy told the same straightforward story that characterized his testimony on Wednesday morning and was released from all blame in the case.

Thursday afternoon from her late home on Weirich avenue were held the funeral services over the remains of May Lindley or as she was known by some, May Margerum, who took her own life Monday night at her home, by shooting herself through the head. The interment was in the Washington cemetery.

MUSIC TO BE FEATURE

Welsh people from all parts of Pennsylvania will be present tomorrow night at a celebration of St. David's Day at the Exposition Hall, at Pittsburgh. As is usual when there is a gathering of the Welsh, music will be a chief feature. Gov. John K. Tener is to be present.

The festival will be held by St. David's Society of Pittsburgh and a choir of 100 voices will take part, the singers coming principally from nearby towns. The soloists will be Miss Sue Harvard, soprano and Madame Bodyconde, contralto. Col. R. A. Phillips of Scranton, a prominent coal man of the anthracite region will be the conductor. Haydn Gunter, one of the most noted violinists in the world today, is to be the violin soloist. Rev. William Hiram Foulks D. D., chaplain of St. David's Society of New York city will speak. Prof. I. T. Daniel, supervisor of music in the Charleroi schools will have a prominent part on the program, inasmuch as he will direct a choir of 1,000 voices in the singing of the song, "Diadem" in the opening of the second part of the program.

Don't forget the grand concert in M. E. church tonight. Admission 35 cents. Harpist, Violinist, Celloist, etc. A rare treat. Proceeds in aid of Ladies League of M. E. church.

"Want to Know" Class in Legislature Watching Things

RIPPER BILL PRESENTED

Pittsburg Measure Passes First Reading in House of Representatives

Harrisburg, Feb. 28--Because some of the members "want to know," the general appropriation bill introduced in the legislature may be hung up for awhile. The bill carries with it an appropriation of \$42,662,343.69. A request for an itemized statement of the appropriations for the various departments has not been complied with and the complaint is made that the bill is too general and that unless more definite information is given, or an itemized statement submitted, the bill may be hung up.

A ripper bill, Pittsburg has slipped on someone, and is on its way through the house, having passed first reading. This rips out the short council and make a council of 27, one elected from each of the 27 wards. It is regarded as a political move, as with the small council the politicians cannot control city affairs in Pittsburgh. The people of the city have yet to be heard from and no doubt a bitter fight will result if there is prospect of the ripper going through.

A bill abolishing all fees of officers of counties containing less than 150,000 population and establishing salaries according to population was introduced in the house by Irwin Blair. It will affect over 50 counties in the State.

The Davis bill to require mining companies to provide supports so that surface above mines shall not cave in and the three bills to establish auxiliary forest reserves also were reported out of committee.

The State Federation of Labor has joined hands with the Granges to oppose the sale of colored oleomargarine. It was supposed that organized labor would favor the removal of the restrictions governing the sale of oleo, but it seems that they are opposed to any legislation that would make oleo look like butter.

HOME RULE NEEDED.

That home-rule-direct government
—is one of the essential reforms for
municipal government is again dem-
onstrated by this session of the legis-
lature, where an attempt is being
made to rip out of office the small
council the people of Pittsburgh suc-
ceeded in electing at the last session
after a bitter fight for a city charter to
give them the right to have a com-
mission form of government. The
scheme now is to rip out of office the
nine councilmen elected by the vot-
ers at large, and substitute a council
of twenty-seven, composed of one
councilman elected by each of the
wards of the city. A bill has been in-
troduced in the legislature to accom-
plish this, irrespective of the wishes
of the people.

This attempt to interfere with the
government of Pittsburgh is purely a
political move. With the short coun-
cil the city patronage cannot be used
to advantage in running a political
machine, so the politicians ask the
help of the outside legislators to
help them get control of the city of
Pittsburgh. The irony of the situa-
tion is realized when it is seen that
the members of assembly and the
senate from over all the state will
have a voice in determining how Pitts-
burg is to be governed, while the
people who live there and are vitally
affected are powerless to decide this
question for themselves. They are
virtually governed by aliens, who are
absolutely unfamiliar with the local
needs and requirements and whose
actions are governed by the dictates
of a political cabal who desire to con-
trol the political destinies of the city.

This is why direct rule by the peo-
ple is most desirable. We in Charle-
roi know better what we want in the
way of local government than some
ordinary man who happens to be
elected an assemblyman in Pike coun-
ty over in the extreme eastern part
of the state, or in some of the other
distant and obscure counties. Yet it
is these representatives who pass
upon and control our civic destinies,
as well as those of Pittsburgh and
all the other cities and towns of the
state. The people who live in these
cities and towns have absolutely no
voice in the matter but are limited
and prescribed by those who know
nothing at all of local needs and re-
quirements. Home rule for municip-
alities in the United States is just
as essential as home rule for the
Irish in Ireland.

PICKED UP IN PASSING

Prof. I. T. Daniel, musical director
of the Charleroi schools, who was in
Brownsville over night, relates a run-
ny incident that occurred there this
morning. He was waiting at the sta-
tion for the early train to Charleroi,
and while there the Uniontown morn-
ing papers came on the trolley. The
newsdealer was on hand to receive
the bundle and portioned the papers
out among the waiting newsboys. The
first handful was given to a diminutive
lad about ten years old.

Tucking his papers under his arm
the lad let out a roar out of all keep-
ing with his size:

"Maw-nin' polpers! all about the—"
Then he stopped short, glanced at
the papers and seeing only a half
page picture on the folded part in-
stead of the customary scare head-
lines he appealed to the dealer:

"Say, what the— shall I yell
about? There's nothin' in the—
polper."

The dealer, a well known young
man of the valley who had been hit-
ting the high places pretty regularly
and industriously during the past
year, finally became so run down in
health that his doctor sent him to a
Pittsburg hospital to recuperate. A
part of the treatment ordered was a
diet of eggs and sherry. After a
couple of weeks a friend happened to
be in the city and called at the hospi-
tal to see the invalid and to inquire
how he was getting along.

"Oh, I'm getting along pretty well,
but I'm awfully tired of this egg and
sherry diet."

"Don't you like it?" inquired the
friend.

"No I don't," sadly replied the in-
valid. "It would be all right if the
egg were as new as the sherry and
the sherry as old as the egg."

Believes This Will "Cure Lung Troubles"

Consumption is a flatterer disease—
that is one of its chief dangers. Those
who have it are rarely willing to ac-
knowledge the fact. If this trouble is
present, it is no time for trifling. If a
so-called "cold" has long persisted; if a
cough is present that keeps you anxious,
or any of the symptoms are present,
such as fever or night sweats, weakness
and loss of appetite, and perhaps some
raising of mucus do the sensible thing:
—take Eckman's Alternative—as Mr. Bei-
tersworth did.

Bowling Green, "F. B. No. 4."
"Gentlemen: I wish to say for your
Alternative that I believe it to be a medi-
cine of great value in all cases of
Lung Trouble. The Spring of 1908,
I had a severe cough for six months. I
tried all the medicine that my doctors
recommended to me, but no results came
for the better. I had night sweats, and
would cough and spit until I got so
weak I could hardly do anything. But,
at last, James Eckman, of Glasgow, Scot-
land, insisted that I try your medicine.
In one week's time there was quite an
improvement in my condition, and after
I had taken several bottles, I felt as well
as ever in my life.

"I desire the world to know that I
am a sincere and true believer in your
Alternative will cure any case of Lung
trouble if taken before the last stage. I will gladly
write personally to any party wanting in-
formation in regard to your wonderful
medicine."
(Signed) J. M. BEITERSWORTH.

Eckman's Alternative is effective in Bron-
chitis, Asthma, Hay Fever, Throat and
Lung Troubles, and in all conditions of
the system. Does not contain poisons, opiates
or habit-forming drugs. Ask for booklet
telling of recoveries, and write to Eckman
Laboratory, Philadelphia, Pa. for more evi-
dence. For sale by all leading druggists.

HOW TO GET STRONG OVER THE COUNTY

A Simple Remedy.

Weakness may be caused by a run-down condition, mal-assimilation of food, lack of iron in the blood or a result of sickness.

Whatever the cause, we want to say to every person who needs strength you need Vinol, our delicious cod liver and iron tonic without oil, as it is the most efficient strength creator we have in our store.

A case has just come to our attention from West Baden, Ind. A beautiful young lady was a complete wreck, run-down, worn out and nervous, so she had to spend one-third of her time in bed. Nothing which was given her did any good until Vinol was recommended by her druggist which she says did her more good than all the medicine she ever took in her life put together, as it built her up so she is now strong, well and active.

It is the medicinal elements of the cod's livers contained in Vinol aided by the blood making and strengthening properties of tonic iron which makes it so effective. It will turn your money if it does not help you.

Tunnel Near Cecil.

Preparations are being made for the construction of a tunnel on the Welsh farm at Cecil in the proposed railroad extension through that section. The contractors have been on the ground arranging for offices, etc., and expert to start work soon.

Aged Couple Wed.

The combined age of two applicants for a marriage license as declared in their application before the clerk of courts was 124 years. Charles Burig, a well known and wealthy farmer of near Claysville was the groom and Mary E. Brue, who gave Mountsville, W. Va., as her residence, the bride. Mr. Burig proclaimed his age as 74 and the bride, after much hesitation and urging on the part of her elderly lover as 50.

Railroad Extension Probable.

Activities in connection with the proposed extension of the Pennsylvania railroad from Van Eman to West Zionsville are apparent east of Washington. Seven miles east of town just beyond Egg Nog hill engineers were out this week placing grade stakes. At that point a long tunnel will be driven.

OVER THE COUNTY

Continued from third page
 Chambers entered his tenant house, near West Alexander, which has been vacant for some time, but had been furnished with a bed and some other accommodations for a Mr. Hay to sleep in, while saving a timber tract for Mr. Chambers, a few weeks ago he found the house and especially the bed pre-empted by a "knight of the road." The tramp was suffering with the severe cold weather, apologized for his presumption, went home with Mr. Chambers, got his breakfast and then secured a job of work with a neighbor.

Soldier Likes Alaska.
 W. W. Ebert of Beallsville has received an interesting letter from Charles Deems, formerly of near Beallsville, who has been doing service as a soldier for Uncle Sam in Alaska for some time. Mr. Deems is well pleased with the country and enjoys his duties very much. Since leaving this community Mr. Deems traveled over a large part of the world and served during the Spanish-American war.

Taylor a Loser.
 Walter Taylor of Charleroi lost in a pool match at the Charleroi Oriental Pool rooms Thursday night in a contest with Tommy Rocci, of Monongahela. Rocci's total score was 100 and Taylor's 98.

There are about 15 or 20 Browns nearly as many Smiths. Black was a name that was much admired and there were Johnsons, but it appears no John Does. The Fayette constables are said to have the correct names of a number others who attended the cocking main, and are looking for them. The organizers of the cock fight are said to live in Fayette City.
